Wisconsin Electric Power Company

Docket No. AC22-51-000

Notice of Filing

Take notice that on February 25, 2022, as supplemented on April 8, 2022, Wisconsin Electric Power Company submitted a proposal, and a response to a deficiency letter for additional information, to the Chief Accountant of the Federal Energy Regulatory Commission (Commission or FERC) related to proposed reclassification of certain depreciation reserve balances (Account 108, Accumulated Provision for Depreciation of Electric Utility Plant) related to its non-legal cost of removal that had been previously recorded as a regulatory liability (Account 254, Other Regulatory Liabilities), consistent with its most recent depreciation study on file with the Commission, in Docket No. ER16-592-000 (2016).

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.
